The Goal of the college is to provide qualitative learning experience to develop the holistic personality of the teacher trainees.

Dr. Khushal Limbraj Mundhe,
Principal, JSCOED, Pune

“Training is everything. The peach was once a bitter almond; cauliflower is nothing but a cabbage with college education. Education is what survives when they learnt has been forgotten.”

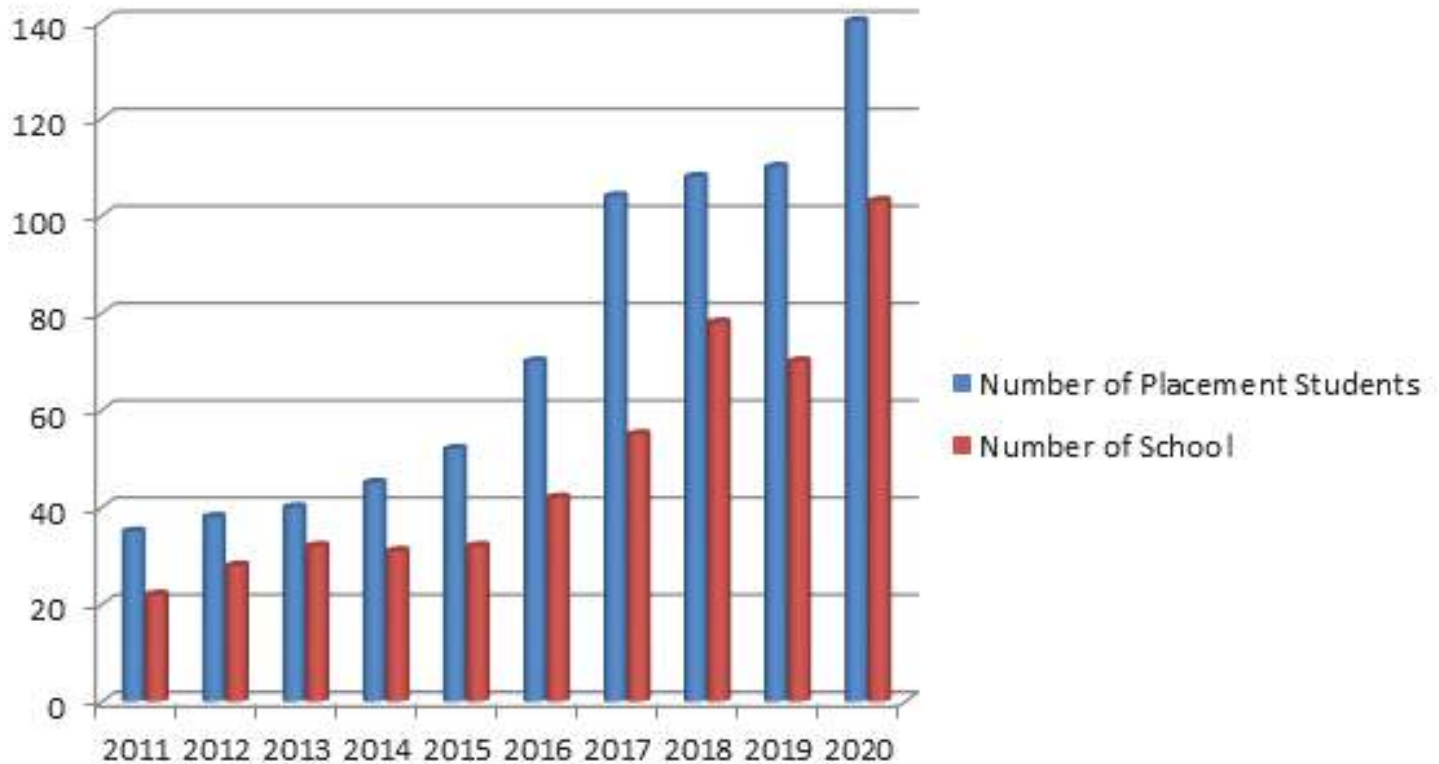

The Ethos within a College and its attitudes towards its pupils, have a significant impact on a student's experience and attainment of the enrichment of the common mind. The aim of any good College should be to enable students to realize that education is deliverance. Our primary aim is to develop in the students the qualities of “Integrity, Honesty, Trust, Tolerance Compassion and Curiosity” to foster a scientific temperament within the bounds of humanity to help the students to become a meaningful part of their environment and to see that courage and inquisitiveness have their due reward. Only the curious will learn and only the resolute will overcome the obstacles to learning. The quest quotient is positively more exciting and important than the intelligence quotient. Top class work is the principle to create men who are capable of doing new things and not simply repeating what other generations have done.
